Hello

I am writing to object to the proposal for a Camborne busway route across the fields in the west of Cambridge. I am in favour of better bus links but I understand that this plan will cost a minimum of £220 million and cut only 3 minutes off the current bus journey, while also cutting through green belt land including the West Fields and an ancient apple orchard. Run off could also cause harm to Bin Brook.

The East west rail link now has the go ahead and can provide an alternative. And I understand Cambridge Past Present and Future has proposed a cheaper alternative which is not environmentally damaging.

Yours sincerely
Harriet Lintott
