3. Letters from Visiting Fellows

3.1 Letter from Professor Baizhan Li

Many thanks, President Prof. Alan Short. A few words here to express my testimonial.

I was a Visiting Fellow at Clare Hall from September 2024 to March 2025. I had a very pleasant and memorable time there. I met many faculty members and researchers from the University of Cambridge, as well as Visiting Fellows from many other countries. We discuss our research as well as life. The Clare Hall community is very friendly and inclusive. People share their knowledge and opinions wherever they come from.

There are many well-organised activities, such as the Tanner lecture. I like the Formal Dinner every Wednesday, where people chatted, laughed and enjoyed delicious food. I met many post-graduate students and heard many fantastic impressions about how they liked Clare Hall, a unique place that made them feel at home. The living environment was excellent. It was quiet and convenient. It was very close to the University library. The supporting staff were all very friendly.

My Clare Hall experience was very fruitful. I hope I will be back again in the near future.

Best, Baizhan

Professor Baizhan Li

*Professor in Built Environment
Chongqing University*

3.2 Letter from Runming Yao

Dear Professor Short,

I write to express my gratitude to your hosting of me as the Visiting Fellow at the Clare Hall. I greatly enjoyed my time there. Being a Visiting Fellow of Clare Hall has been a unique and unforgettable experience in my life. It is my great pleasure to meet academics from different disciplines from Cambridge and other visiting fellows from other countries. This offers an excellent opportunity to generate new ideas and share different opinions. Clare Hall provides a large variety of activities, including lunchtime seminars, colloquiums, and concerts. Living in Clare Hall made me not only focus on my own academic work but also made a lot of friends from sociology, psychology, computer science, medical sciences and so on. This experience extended my willingness to learn from other disciplines. I have made a number of contacts and expressed potential future collaborations.

The living environment of Clare Hall is excellent. The surrounding environment is tranquil and pleasant. I had productive work on my proposed research, and it is in preparation for publication soon.

I also thank all the supporting staff who provided clean and comfortable accommodation. All are very friendly and supportive.

I hope to come back again soon.

Kind regards

Runming

3.3 Letter from Professor Feng Zhao

Dear Professor C Alan Short, dear President,

Thank you so much for sending me this letter. I had really a very good time at the Clare Hall College, with very good environment, good equipment of the apartment, very good food, a lot of events, convenient location. Especially compared to my hometown, the climate here is much better. All those allow me concentrate on my research when I am here even it is not a long time stay. So I would like to thank you as well as your staff very much for hosting me here and also thank you for all you have done for me, a visiting fellow.

I will look forward to coming back again.

Best wishes!

Feng

Professor Feng Zhao

*Dean of School of Art & Archaeology
Zhejiang University*
