I wish to object to the proposals in the Network Rail Stalybridge to Diggle TWA order.

I am a resident of Saddleworth and my main concerns are about two aspects of the work to be undertaken.

1) there has been no detail provided on diversion routes which are likely to cause huge congestion, poor access for emergency services and will force traffic onto surrounding a rural roads.

2) The pedestrian crossing at Moorgate has been temporarily closed, it is proposed to make this closure permanent. A footbridge had previously been agreed for this site, but that will no longer go ahead. The only alternative for pedestrians is to use footpath 244 which is extremely steep in parts and connects with the main road at a point where visibility of traffic is poor. Footpath 244 does not run from the centre of the village and requires a diversion of approximately half a mile.

Regards

Stella Fidler
