Subject: objection to part of the Cambourne-Cambridge busway scheme
Date: 06 January 2025 17:10:16

Dear Secretary of State for Transport -

I am Edith Eligator, [REDACTED]. I am writing to object to the application for a new busway linking Cambourne to Cambridge that was submitted by the Greater CambridgePartnership on 12th November 2024 (Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway linking Cambourne to Cambridge). I object to this plan because the busway would go through two important wildlife sites. It will harm these sites visually and destroy the habitats within the sites.

A better alternative to this damaging plan would be to build public transport infrastructure adjacent to the A1303 (with bus lanes and bus priority signalling). There are other ways to improve our transport without harming the Coton Green Corridor and orchard and without damaging Madingly hill.

I strongly object to the plans put forward by the Council.
Yours faithfully,

Edith Eligator
