Subject: Closure of the bridleway at Tackley

Dear Sir/Madam

I am writing with my strong objections to the possible closure of the bridleway in Tackley.

Firstly, this bridleway has been used safely, for decades, by locals, and visitors alike to the area.

I have always lived in Tackley and have appreciated and enjoyed this tranquil route to the River Cherwell, and surrounding areas. It is perfectly convenient for everyone to use.

Secondly, as I understand it, there is a plan to re route another bridleway adjacent to the railway line.

This I find very worrying indeed. I would like to understand the logic of directing walkers, cyclists and horse riders alongside a noisy train line?

How is 'plan' supposed to work in real terms? It feels rather like it hasn't been very well thought through at all!

This isn't a case of NIMBY, but more a situation where thought needs to be given to the long term affect that this disastrous, poorly conceived idea will leave our wonderful village.

Finally, thank you for taking the time to read this appeal from the heart. I truly believe that we should all remember the legacies we leave behind. Let us work together to ensure we get this one right.

Yours sincerely

Mrs Lin Miller
