Hi people who decide what happens to the lives of others.

I [REDACTED] and could not get out without my small car which is parked outside my home on Archer Street. I gather the street will be closed to people who live on Archer Street and a large portion of the treacherous Mill Lane. There are no alternative arrangements for parking and the other 22 spaces presently available. For those of us who cannot walk up the steep hill where we live, the fact that you wish to use only Archer Street as access to the Eastern platform of the new station, thus making it exclusively for your plant vehicles, is a nightmare.

Why you need so much of Brookfields I have no idea, but to allow the sale to a developer seems to go against all the decisions of the Local Authority and Government department concerned with planning permission.

Kindly reconsider an alternative access. It is making a lot of people sick with worry.
