Re: Network Rail Stalybridge to Diggle TWA Order - Objection

Dear Sir/ Madam,

I am supportive of the upgrade to the train station at Greenfield, but I would like the contractor to provide more information on how road traffic will be diverted to and from Uppermill whilst work is done to improve and upgrade the existing bridge over the track.

I wish to object to the work starting until further information has been released; specific details of proposed traffic diversions should be provided in advance.

My objection is due to a concern that local school children, travelling on buses, may not be able to get to local high schools on time Severe traffic delays may happen. I understand that the bridge work at Greenfield station will take approximately 20 weeks.

My objection also relates to accessibility for our local emergency vehicles, such as fire brigade and ambulances.

Yours faithfully,

Lindsey Gledhill
