Subject: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge

I David Gleaves of [REDACTED] am writing to make a formal objection to the " Application for a Transport and Work Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge" as submitted by the Cambridge Greater Partnership on 9 January 2025.

A much better alternative is to upgrade the A1307, far cheaper with a bus lane into the Biomedical Campus instead. The impact of using this existing highway on the greenbelt would be minimal and would provide an efficient and cost effective transport. Using the A1307 would also stop the destruction of outstanding greenbelt which we as locals very much value and very much wish to retain.

Yours faithfully

David Gleaves
