Subject: Objection to Transport and Work Act Order to the Department for Transport for a new busway linking Cambourne to Cambridge as submitted by Cambridgeshire County Council on 12 November 2024
Date: 07 January 2025 17:24:07

I, Jane Renwick, of [REDACTED] am writing to make a formal objection to the above Order.

While supporting the improvement of public transport from Cambourne to Cambridge, I feel very strongly that the proposed route between Madingley Mulch and West Cambridge is seriously flawed. This route would not only be environmentally damaging, but would be extremely costly , and poor value for money.

The Greater Cambridge Partnership has never properly assessed an on road option, which would not only be better value for money , but would also provide a a more direct route to Cambridge biomedical campus. Indeed, the GCP route ends at Grange Road, meaning that commuters and sixth form students would still have to travel across the city centre.

The proposed busway would be both a financial and environmental disaster.

Jane Renwick.
