I am a Saddleworth resident and have been a dog owner and walker for many years. I wish to object to your proposal regarding footpath 244. I am objecting on the grounds of safety where the proposed footpath would bring dog walkers straight out onto Oldham road A670. This is an extremely busy road and the footpath would join it with very limited visibility and no pavement. Whether a dog was on a lead or not this could lead to a very serious accident particularly if a walker was new to the area.
