I am writing to object to the proposal to close part of footpath 109, where it crosses the railway, and the use of foot path 244 instead.

The proposal of Footpath 244 as an alternative is not acceptable. It has 65 steps and an unsafe exit on to Oldham Road where there is no footway.

I would like Network Rail to reconsider the best option which is to build a footbridge to carry footpath 109 over the railway.

Yours sincerely
