I write as a [REDACTED] Saddleworth resident [REDACTED] who uses the area's footpaths regularly. As such I am concerned by your proposal to divert people down Footpath 244. In particular I am surprised that you should even consider this as an option when there is a perfectly suitable alternative which is to build a footbridge as you originally proposed. I know you have now put forward some slight improvements to 244 but these would still be insufficient to meet my needs. I wish to object.
