Dear Secretary of State

I Katharine Jessop of [REDACTED] am writing to make a formal objection to the Application for a Transport and Work Order to the Department for Transport for a new busway to the southeast of Cambridge. My objections are as follows:

There are better and cheaper alternatives which would avoid destroying a beautiful part of the countryside, home to many plant species, birds and animals.

The busway would be of no use to the majority of villagers from the villages it passes as the proposed stops are nowhere near the centre of these villages.

It is an extremely expensive project. Money could be better spent improving the existing bus service, which is well used but unreliable.

We all appreciate the need to deal with the traffic in Cambridge but as the busway only goes to Addenbrookes Hospital it is unlikely to deter people driving into the city.

There are people whom I am sure are writing to you with much greater eloquence and knowledge than me but, having talked to many villagers in the area, I would be very surprised if you have had many, if any, letters of support.

Yours faithfully

Katharine Jessop
