Subject: New busway to south east of Cambridge

Dear Madam/Sir

I wish to propose that there is a choice for this future development.

I understand how important transport & connections are to us all as individuals as well as to the infrastructure of the city and housing.

I also wish to validate the significance of our green spaces & countryside that are key to biodiversity as well as to the mental health of all.

If there is a possibility of ensuring that each are valued, then the decision for the busway can be clear.

The CPPF is making a brilliant alternative proposal.

Therefore, I wish to object to the proposal made by the Greater Cambridge Partnership. Please reject their proposal.

Yours faithfully

Beth Easton
