Dear Sir/Madam,

I, Dennis Coe, of [REDACTED], am writing to make a formal objection to the "Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway linking Cambourne to Cambridge" as submitted by the Greater Cambridge Partnership on 12th November 2024.

I would strongly recommend another alternative, which would follow the A 1303 to provide a more direct route to the Cambridge Biomedical campus. Other buses and emergency vehicles would also be able to use the new priority lane on the A 1303. This alternative has not been assessed properly by the Greater Cambridge Partnership.

In addition, Coton orchard, which has a very popular garden centre at Polehill, is a very big orchard (largest in East Anglia) and site for County Wildlife, both of which would be destroyed to make way for a new busway!

Finally, when the East West rail is built, the EW rail would provide a much cheaper alternative to link Cambourne with Cambridge South station, which is adjacent to the Cambridge Biomedical campus.

I trust that you will seriously consider my objection. Thank you.

Kind regards.

Mr. Dennis Coe.
