Dear Sir,

Thank you for your email citing your objection to the above proposed scheme. To register your objection, we require a postal address?

Kind regards
Shenaz Choudhary

Derr Sir/Madam

I am writing to formally object to the use of Mill Lane in Mossley, Tameside as a potential area for any construction-related traffic.

As a parent [redacted] I find it quite extraordinary that this has even been considered, the road is difficult as it is, very steep, narrow and regularly has problems when anything larger than a Transit Van attempts to make it's way down it.

The idea of any extra burden on that route just is not acceptable and seems ridiculous to even consider especially when the safety of all the school children should be paramount as well their health.

I can only hope that many others also object and that you will agree to avoid the area when the station upgrade works at Mossley begin.

I look forward to your response at your earliest convenience.

Kind regards,

Alistair.
