You don't often get email from [REDACTED]. [Learn why this is important](#)

I would like to object to the works planned for the above area. Whilst I recognise the need for these works, there has been no consultation on how they will be conducted.

A 20 week closure of the railway bridge will cause absolute and complete chaos in the area. This really has to be addressed publicly with experienced road planners, it cannot be allowed to go ahead without due consideration of the consequences of such a closure.

Further to this, there's a great deal of public upset about the planned closure of the Moorgate crossing, this too needs to be publicly addressed.

We have no concrete information about the planned changes to Greenfield Station, nor any confirmation about a requested 2 trains per hour and proper disabled access. I will look forward to your response to this matter as a matter of priority, hopefully at a public consultative meeting. Kind regards

Linda Cullen
