To the Secretary of State for Transport

c/o Transport Infrastructure Planning Unit, Department for Transport,
Great Minster House

As a resident of the Gough Way estate bordering on the proposed Cambourne to Cambridge bus way I am concerned as the proposed Bin Brook bridge and embankment structure looks like it could increase the flood risk to the Gough Way estate.

The fact that the application documents and plans do not consider the Gough Way estate is problematic as the flood risk is not addressed in the submission.

I would encourage the Secretary of State for Transport to reconsider the plans and develop an alternative plan that considers using the existing infrastructure to better connect Cambourne to Cambridge.

Kind regards,

Laura Bonesi
