Subject: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge

Dear Sir/Madam,

I, Douglas Leckie, of [REDACTED], am writing to make a formal objection to the “Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge”, as submitted by the Cambridge Greater Partnership on 9 January 2025.

I object on a number of grounds, the main ones being:

- The environmental damage that will be caused by the proposed development is out of all proportion to its benefit.
- There is a much cheaper, MUCH less damaging, and equally effective proposal along the A1307 which would make more sense in every way.
- The proposed development would divide up existing coherent agricultural and green space in such a way as to encourage future built development, destroying the rural and settled nature of this area.

I urge you to reject the application for this new busway on the proposed route.

Yours faithfully,

Douglas Leckie
