Subject: New busway, travel hub and path for walkers and cyclists to the southeast of Cambridge towards Haverhill.

My name is Richard Bull

I Object to the proposals.

Grounds:

- * Efficiency and best use of tax payers money - more / as much could be achieved by adapting present roads for buses. The busway bus stops are Not adjacent to the centres of the villages which they by-pass.
- * Carving up of a particularly special landscape - adaptation of present roads would damage far less land and reduce impact on landscape.
