I object to this application:

Transport and Work Act Order to the Department for Transport (DfT) for a new busway, and travel hub

The Cambridge-Cambourne busway, proposed by the Greater Cambridge Partnership (GCP), should take a route along existing roads.

I want to see buses use on-road facilities.

As the charity making a legal objection says, "It is possible to improve bus services without building a road through four wildlife sites and our charity's land," said James Littlewood, the charity's chief executive.

"Over 22,200 people signed a petition asking local politicians to build bus lanes, not bus roads, to avoid unnecessary environmental damage."

Pamela Wesson
