Subject: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge Cambridge

I Dr. Emma Stanway of [REDACTED], am writing to make a formal objection to the "Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge", as submitted by the Cambridge Greater Partnership on 9 January 2025. The grounds for this objection are the following:

The construction of 5 miles of new road through open countryside is unnecessary to deliver improvements in transport. Similar transport and economic benefits can be achieved by building a version of the scheme first proposed by the applicant in 2018. This would involve building sections of bus lane adjacent to the A1307 and 1 mile of new road (busway).

There is already much in the way of new development happening in the Cambridge area due to population growth and a need for new housing. Surely if there is a way of minimising further damage to beautiful areas of the countryside it should be acted upon and the original proposal reinstated?

With regards,

Emma Stanway
