Objection to Transport and Work Act Order to the Department for Transport for a new busway linking Cambourne to Cambridge as submitted by Cambridgeshire County Council on 12 November 2024

I, Deborah Nicholas, of [REDACTED], am writing to make a formal objection to the above order.

I am a strong supporter of public transport but not of this scheme. This is for many reasons, including the extremely poor value for money, the fact it cuts through Coton Orchard, (an incredibly rich wildlife site) and the visible scar it would make across the Green belt. Most importantly, there is an excellent on road alternative, which would provide similar benefits without so much environmental impact or cost. The East-West rail link is now confirmed and will stop in Cambourne. When government money is desperately needed in so many areas, such as the health service, it cannot be in any way sensible to spend millions on a bus service that will cause so much environmental damage when there is a faster, on -road alternative,

Yours sincerely

Deborah Nicholas
