Subject: Network Rail Stalybridge to Diggle TWA Order
Date: 18 December 2025 15:40:13

You don't often get email from [REDACTED] [Learn why this is important](#)

Good afternoon,

I am a resident of Greenfield and would like to object to the proposals in the Network Rail Stalybridge to Diggle TWA Order.

It has been brought to my attention that during the closure of the present bridge at Greenfield Railway Station, no details have been given about diversions and how emergency services will have to negotiate these, sometimes using narrow roads with few or no passing places.

I am also concerned about the temporary, if not permanent, closure of the well used pedestrian level crossing at Moorgate and that the originally proposed footbridge has been cancelled. This will cause permanent, considerable problems to residents and visitors, offering only a very dangerous alternative footpath route in its place. The new route is

- Steep and dangerous at the top.
- Extremely dangerous at the bottom out on to the main road with no real pavement and no view of oncoming traffic.
- A diversion of nearly half a mile.

I am largely in favour of the upgrade works and hope I can take advantage of the benefits they will bring in the future. In the meantime, I look forward to hearing from you.

Regards,
Moirra Hope, [REDACTED]
