Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge

I, Georgie Godsal of [redacted], am writing to make a formal objection to the "Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge", as submitted by the Cambridge Greater Partnership on 9 January 2025. The grounds for this objection are the following:

- The 5 miles of new road through open countryside is what I mainly object to. It will ruin this area and the impact on nature and wildlife will be huge. There is a much better, and cheaper option which would not impact on Magog Hills landscape in particular.

- I am against housing developments which may well result along the bus route in the future.

Kind regards

Georgie Godsal
