Subject: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge.

I, Dianne Fraser of [REDACTED] am writing to make a formal objection to the 'Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge', as submitted by the Cambridge Greater Partnership on 9 January 2025. I believe that there is a better solution to this route. In 2018 the GCP proposed building a bus lane to run alongside the A1307. This could also allow emergency ambulance, fire and police services to use it, avoiding using the A 1307. With the busway proposal this would not be possible. The busway proposal would carve up the green belt with unsightly structures, be detrimental to important natural areas of the landscape. It would also increase the possibility of large areas of house building in the future, also detrimental to our present villages. Also, the bus lane solution would cost a lot less to construct.

Regards
Dianne Fraser
