Subject: Moorgate Crossing Proposals
Date: 20 November 2025 11:21:17

You don't often get email from [REDACTED] [Learn why this is important](#)

I would like to register my opposition to the proposals to re-route the crossing to an enhanced underpass and an upgraded footpath 244.

The existing footpath 244 regularly floods bringing debris down across the main road. I see no enhancement that would alter this.

In addition the route is very steep and deposits walkers out onto a very narrow section of pavement before the main road. Again I see no evidence of any alterations.

I propose that you return to the original plans to replace the pedestrian crossing with a footbridge and continue using the existing footpath to Moorgate.

Robert Newton
