I object to the closure and diversion of Footpath 209 Sadd (Dark Lane) which is the "Moorgate Halt" rail crossing.

I understand the level of safety has to be improved in connection with the higher train speeds and feel that a foot bridge crossing of the line should be utilised to maintain the integrity of an ancient packhorse route along Dark Lane.

I do not agree the proposed diversion is an appropriate replacement route for locals, tourists (which includes young families) and hill walkers, to access the scenic Moorgate Quarry from Uppermill.
