Dear Sir,

I am writing to make a formal objection to the above Order.

Cambridge West corridor will soon benefit from the East West rail link, which will take the a significant number of people to more major employment destinations, The proposed busway built across the greenbelt would have a very detrimental impact upon the local environment as well as the transport impact of residents in the village of Coton.

The villagers of Coton already have severe issue with leaving the village at present at peak times and accessing Madingley Rd(A1303), the proposed bus way will only exacerbate the issue.

The amount of investment required for this scheme is truly extreme considering the minimal benefit it will bring, there have been proposed more cost effective alternatives.

Regards

Vernon Spencer
