Subject: Support for Cambridge South East Transport works
Date: 20 February 2025 12:33:44

To whom it may concern,

I am writing in **support of the scheme** to build a busway and cycle path between Cambridge South and the villages southeast of Cambridge.

I will soon be a resident of one of the villages [REDACTED] and I use a bicycle as my main means of transportation. The development and improvement of the bicycle path will therefore be of great benefit for me and others who will need it to access work, childcare and amenities in the city centre.

The construction of the guided busway is also essential to add an alternative means of transportation into the city and to railways stations when bicycling is not suitable, for instance when carrying luggage or accompanying people with less mobility. The transport infrastructure between the village and the city is otherwise very bad and using a car is not convenient due to the heavy traffic and lack of parking opportunities in Cambridge.

My name: Ammar Ljubijankic

My current address: [REDACTED]

Best regards,
Ammar
