I am writing to strongly oppose your proposals to close the crossing at Moor gate Halt.

The alternative route you are suggesting is not easily accessible and more to the point the residents of Uppermill are losing an ancient footpath which is totally unacceptable.

Network Rail need to do the right thing and erect a footbridge similar to the one near the

old Saddleworth Station.

It is a disgrace that you can even think that closing this access is acceptable.

So many people are up in arms over your decision and will not give up and let you take away our heritage.
