Dear Sir,

I wish to object to the use of Mill Lane and Archer Street being used as access to the site. I am not opposed to the development of the railway Line , but use of Mill Lane and Archer Street is not practical, it is indeed dangerous, Mill Lane is incredibly steep, not very wide and unsuitable for the proposed use of access path for heavy vehicles, no consideration given to cyclists or pedestrians, no pull in spaces, there is a primary school and nursesey on Mill lane, which will present dangers for the pupils, Main entrance to school is on Mill Lane. Possibly presenting problems for emergency vehicles.

Where will the residents from Archer Street, park if they are not allowed to park outside their own homes, Mill Lane is already congested, would also restricting facilities for disabled and elderly if unable to park outside their property.

I feel consideration should be given to looking for a new site, not Brookfields with such unsuitable access. Could the current space behind the gates on Manchester Rd be considered?

N. O'Brien
