You don't often get email from [REDACTED] [Learn why this is important](#)

Morning

Regretfully I need to object to the proposed works unless further consultation has taken place. As a business owner based in Greenfield that has at least 5 forty-foot HGV,s coming to and from our Greenfield premises delay, along with over 100 employees. I'm bewildered that businesses such as ours haven't already been part of the consultation. I realise this project is inevitable and required, but without serious alterations to the existing infrastructure prior to any station works commencing I can't see how this project wont paralyse business in Saddleworth.

Regards

Daniel
