[Report Suspicious](#)

Good morning,

We are writing to voice our objection to the rerouting of the bridleway in Tackley. As residents of the village and regular users of the paths in the area we understand the huge risks posed to horses, their riders and pedestrians. Riding alongside the railway is just as risky as crossing it and a scared horse will not stop for anyone so put in a narrow corridor with pedestrians, dogs etc the risks are huge. We do not feel that other options have been reasonable considered, the NR07 consultation report does not mention any consultation on an infield or northern route. Furthermore, there has been no consultation with OCC public rights of way. We strongly oppose the proposed changes.
