Subject: Objection to Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge Cambridge

Dear Sir/Madam

I, Dominic Bell, of [REDACTED] am writing to make a formal objection to the "Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge", as submitted by the Cambridge Greater Partnership on 9 January 2025. The grounds for this objection are the following:

- It makes complete sense instead to build sections of bus lane adjacent to the A1307 and 1 mile of new road (busway)
- This alternative would avoid creating a new road slap bang through the Gog Magog Hills landscape, one of the most important landscapes in the Cambridge area, to the considerable detriment of the natural environment and its enjoyment by future generations. Once a landscape is gone, it is gone forever. We have precious little in the way of beautiful landscape around Cambridge so your proposed bus route is environmental vandalism, and totally unnecessary. I am a regular user of this area.

Kind regards
Dominic Bell
