

Appendix 8 - Details of limited space around the Bridges

Bridge no	Bridge name	page no	Comment from Statement of case
MVL3/23	Wrights overbridge	107	Due to the structure's location, there is limited access for heavy plant to the approaches or footpath level.
MVL3/27B and 28	Oldham Road Footbridge and Overbridge	124	There is limited space at both road and track level to site a large capacity mobile crane, therefore the proposed methodology is to use a heavy-duty railway crane.
MVL3/	Moorgate bespoke footbridge	205	Due to the structure's location, there is limited access for heavy plant to the approaches or footpath level.
