Subject: Objection to plan for busway southeast of Cambridge

From :
[redacted]

I am writing to object to the proposal to build a new busway south east of Cambridge.
This proposal would be immensely expensive, take years to build and would destroy a lot of open countryside.
The proposed bus stops are not in positions which would serve the local villages.
There is an alternative route, which was proposed in 2018, alongside the existing road A1307 which would be cheaper, less destructive and better achieve the desired objectives.

Please consider my objection and avoid making a costly mistake like HS2.
