Subject: RE: Cambourne to Cambridge Draft Order - Pre-Inquiry Meeting [GATELEY-GHAM.FID144366]

Dear Joanna

Apologies for the relatively late in the day email, I can only imagine you are very busy right now.

Having spoken further to University representatives, and further to item three below which you kindly actioned for us back in July, the University would like the Inspector to read out a short statement to clarify the separation between Clare Hall and the University of Cambridge.

The University would like to clarify that Clare Hall is a separate legal entity from the University. The Inspectors and members of the public should note that the University has submitted its own representation in response to the public consultation and is supportive of the Cambourne to Cambridge scheme subject to this examination.

I hope that this would be possible, please do not hesitate to contact me if you have any queries.

Best wishes

Mark
