Subject: Representation expressing Support for Cambourne to Cambridge busway
Date: 08 January 2025 12:01:39

As a local resident, I wish to express **my SUPPORT** for the proposed Cambourne to Cambridge busway (application submitted by GCP to DfT on 12 November)

This is on the grounds that

- the public benefits (ie of improved public transport and active travel routes between Cambridge and Cambourne) outweigh the disbenefits to some of the affected land owners.
- We are also angered by the disinformation that has been propagated locally by the campaigners against the busway, which in our opinion exaggerates both the harm of the proposed scheme, and the feasibility of an on road busway.
