Subject: Support for Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge Cambridge

To whom it may concern:

I, Ian Williamson of [redacted], am writing in support of the "Application for a Transport and Work Act Order to the Department for Transport (DfT) for a new busway to the southeast of Cambridge", as submitted by the Cambridge Greater Partnership on 9 January 2025.

There is currently a local campaign for an alternative on-road bus lane. But I believe that construction of 5 miles of new road through open countryside is necessary to deliver improvements in active transport as it also includes pedestrian, equestrian and cycle provision which is traffic free.

Similar transport benefits will not be achieved by building the on-road version of the scheme proposed by the applicant in 2018. This would involve building sections of bus lane adjacent to the A1307 and 1 mile of new road (busway) with no active travel provision.

Thank you for your consideration.

Yours faithfully,

Ian Williamson
