I'd like to offer an objection to these plans as they currently stand. I'm concerned about the position of the entrance to the new Mossley station. It would result in an increased flow of traffic down Mill Lane, which is already so unsafe at busy times. Many of us find that we have to step into the road in the section near to the bridge, and it is quite alarming.

I'm also concerned about the future of Brookfields. It would be devastating if that land were to be treated simply as collateral damage.

Yours sincerely, Carolyn Adams, [REDACTED]
