I wish to object to the proposed closure of the ancient footpath at Moorgate Crossing. I know plans for a footbridge have been submitted by the Ramblers association and I strongly request that you reconsider these.

I live in the area and am a member of the local fell running club who use the footpath frequently for access Wharmton Hill from Uppermill all the year round. During the day and on night runs. The alternative footpath to the east is extremely dangerous in its current state of repair and we are well used to negotiating steep technical ground. To ordinary people who may be accompanied by small children or anyone with disabilities it is impassable in wet conditions.

Jill Davies,
