Subject: The bus route between Babraham and Biomedical campus

I am writing in protest against the above proposed development. I spent most of my childhood in Stapleford

and the thought of even more destruction of land ie Gog Magog hills amongst other beauty spots is most

upsetting. Especially after the blot on the landscape that is the Strawberry field retirement development

in Stapleford How are we to produce food when bit by bit farmland is vanishing under cheap housing developments

ie Babraham Road in Sawston and the fields opposite the Sanger Centre. I am sure the above project will be a white

elephant and there are alternative (and cheaper) plans available. It really does make a joke out of all the efforts

in this country to 'go green' when the 'green' is being built on. Surely enough money has been wasted on the

modifications to the road system in Cambridge.

Mrs Christine Slater
