I am writing to object to the proposed closure of Paget Road (E41) crossing in Wivenhoe.

This crossing is invaluable to the community and the proposed alternative route is a long walk uphill on an unmade road which is difficult and dangerous for the elderly and anyone with even minor mobility problems. The crossing is not dangerous in my view and there has never been an accident there. Using the alternative route is more likely to cause injury. Removal of the crossing will have a significant negative impact on the quality of life of Wivenhoe residents.
