Subject: South Cambs busway

I would like to register my objection to this and the other, equally environmentally damaging and unnecessary, busway proposal
Why are Cambs County Council, Greater Cambridge Partnership and other hell bent on destroying our already shrinking countryside with off-road busways when there are viable, cheaper and less damaging options using existing infrastructure?
I grew up in the area that will be affected and strongly believe the unique chalk streams and the bio diversity surrounding them should be preserved at all costs.
Please do not allow this to go ahead.
Thanks
Judy Czylok
