Objection to Transport and Work Act Order to the Department for Transport for a new busway linking Cambourne to Cambridge as submitted by Cambridgeshire County Council on 12 November 2024

I, Michael Atkins of [REDACTED], am writing to make a formal objection to the above Order.

The section of busway between Madingley Mulch and Cambridge will cause significant environmental damage, including to the trees of Coton Orchard, which risks outweighing the positive benefits of the scheme. A further look at an alternative route (an inbound bus lane on Madingley Road) would likely find that the benefits would be significantly retained without the damage to the natural environment. The Act should not be granted until this option has been fully investigated.

Yours sincerely,

Michael Atkins
