Report Suspicious

Dear sir / madam,

I object to the above proposal.

The consultation led on this subject was misleading to say the least with inaccurate map representations. There was no attempt to engage with riders either locally or nationally. The proposed route of having the bridleway adjacent to and below the railway track, and fenced in with pedestrians is highly dangerous.

I live at the [redacted] of the bridleway and [redacted] walk home from Tackley station every day. This proposed route is highly dangerous and I would encourage you strongly to reconsider. In the face of such strong representation locally that the proposal is not safe, you will be heavily criticised if any accidents occur.

Yours faithfully
Kay Chacksfield
