I am emailing my support to maintain the route of the FP209 footpath.

As keen local walker, I support the concerns laid out by the campaign group Moorgate Footbridge Campaign Group in the proposed alternative use of a second footpath ref FP244 to maintain connectivity between Ladcastle road and the centre of Uppermill.

Please log my interest in keeping and improving a route that is safe and connecting into the centre of uppermill rather than try and use the alternative FP244 which has many issues around safety, especially where it emerges onto the main road and some distance from the centre of Uppermill.

Best wishes  
Gary Wright
