WARNING: External email, think before you click!

Dear Sir,

Thank you for your email citing your objection to the above scheme. I need to ascertain if your objection is a formal objection on behalf of the council, or is it a personal objection of which we will require a postal address?

Kind regards
Shenaz Choudhary

Ms Shenaz Choudhary | Planning Casework Officer, Transport Infrastructure Planning Unit, Department for Transport

Subject: Cambourne to Cambridge busway - Objection

Dear Louise Haigh and Dept for Transport,

I am emailing to submit my objection to the current plan for the Cambourne to Cambridge busway. As an active participant in environmental work in local government it has been brought to my attention by our regional Orchards group that the busway will negatively impact the Coton Orchard, which has wrongly been identified as being of “mostly young trees”. 12 trees in this orchard are in fact identified as veteran and are there for classed as “irreplaceable”, protecting them is essential for the ongoing development and delivery of the Local Nature Recovery Strategy the surrounding area, which is now DEFRA policy. Furthermore, it has been shown that the orchard is visited by a variety of red-listed birds and insects and has been identified as a CWS in 2023, demonstrating its value. I believe the current plan needs to be reviewed to make sure that there is no negative impact on the Orchard.

Kind regards,

Ben Earle (he/him)
