

Scale: 1:3000
Date: 10/04/2025
By: CCC697571436_LCJ

Highway boundary plans are determined using Ordnance Survey (OS) mapping at a scale of 1:1250 or 1:2500. Please refer to OS's Statement of Accuracy when comparing with a site survey

Legend

Public highway (green) 

Highway boundary plans are determined using Ordnance Survey (OS) mapping at a scale of 1:1250 or 1:2500. Please refer to OS's Statement of Accuracy when comparing with a site survey. It is possible that the OS mapping for the area searched does not show features that typically form part of the highway boundary, such as (but not limited to) ditches, hedges, fences or embankments. Therefore, please note that owing to the tolerance of accuracy that must be applied to OS maps, the highway boundary 'on the ground' may not be in exactly the same position as the boundary features displayed by OS. If you require a site visit to determine the physical highway extent please contact searches@cambridgeshire.gov.uk. This service is provided on a cost-recoverable basis in accordance with our Schedule of Charges.
